Terms & Conditions to Join Trees4Cars' Green Loyalty Program for Individual Tree Buyers

You must enter into this Agreement if you want to register as a *customer* with Trees4Cars AS. We use the term "customer" for a buyer of trees who registers or has an account with us at our website www.Trees4Cars.com.

As used in this Agreement, "we," "us," "our," "T4C" or "Trees4Cars" means Trees4Cars AS and "you", "your", "customer", or "buyer" means the individual or entity who register as a customer of Trees4Cars. BGF is our forestry partner and means Better Globe Forestry Ltd. Any individual or entity that wants to join our tree savings program must accept the terms of this Agreement without change.

Green Loyalty Program

Our Green Loyalty Program works the following way:

- You register at our website to buy trees.
- You pay EUR 8 per tree and become a tree owner. By buying trees with us, you contribute to fight climate change, to support the environment, and help impoverished societies.
- Our obligations in this Agreement do not start until we receive money for the trees by you.
- You are joining our tree savings program voluntarily. T4C is not responsible for any contracts or deals you may make outside this Agreement.

Tree Subscription

You can at any time sign up for or cancel a tree subscription with T4C. By subscribing on a monthly tree purchase, you give T4C permission to use your registered card(s) for the purchases. If your registered payment card fails being charged on preferred charging day, you agree that T4S can attempt to charge your card again later or charge any other registered card you may have saved at T4C.

You will receive a payment reminder about a week before a monthly auto purchase. You yourself are responsible for following up the account you have registered and your subscription settings.

You can at any time cancel any monthly auto purchase of trees by signing onto T4C's website and change the settings under the menu "Order Trees > Monthly Tree Subscription". You need to cancel a recurring purchase at least one day before it processes to avoid being charged. You are solely responsible for turning the subscription on trees on/off.

You can find all receipts for your purchases in the menu "Savings Account" after signing onto T4C's website. Purchase receipts are also sent by email.

You will receive an email from T4C if your card is about to expire or is not working during an auto purchase of monthly trees. You are solely responsible for following up and removing cards by signing onto T4C's website and accessing the tab "Card" under the menu "User Settings".

T4C cannot help or be held responsible if email receipts and other email messages end up in your spam folder or are lost other ways.

T4C does not save your cards in T4C's system. Your cards are saved in T4C's payment provider's system, which is highly secured and approved by applicable authorities.

Customer Data

You accept to provide true information about yourself and to keep your account updated at T4C's website under "User Settings". Failure to do so, may result in declined payments and failure in communication and updates from T4C.

T4C's main communication channel is email and you agree to keep your email address updated on your account with T4C.

Sensitive data like your password is encrypted and hashed.

Refund

You have a 14-day grace period starting from purchase date. If you in this period would like to cancel your order, we will refund your money — no questions asked.

You are responsible to contact support at T4C within the 14-day grace period to ask for cancellation of order and a refund. You need to include the order ID and your email registered in T4C when you contact T4C. You can contact T4C support using T4C's contact form, T4C chat, or by sending email to support@trees4cars.com. If you fail to contact T4C support within the 14-day grace period, you lose your rights for refund.

You have no right to demand us, our partners, or anyone else to buy back the trees you have bought through T4C.

Registration Process

To join our Green Loyalty Program, you need to agree to the terms and conditions of this Agreement. You can register as many times as you want with us. Minimum tree order is one (1) tree.

Customer's Obligations

You will make sure to register correct personal information at our site and keep it updated.

Legal terms and conditions

We only accept a full one-time payment for the tree purchase. No down payments or sub payments are accepted.

This Agreement does not take effect until we receive a payment for the trees ordered through the registration process on our website.

After an order, we send money to our forestry partner BGF, who will produce the tree seedlings according to your order and who makes sure that your trees are planted.

A tree ownership certificate is issued to you within a month after we receive payment for the trees and can be downloaded from our website after login. Each certificate is uniquely numbered and legally approves the ownership of the number of trees ordered.

The transaction and fulfillment of your order is completed after the tree certificate has been issued, which shows and proves the ownership of the trees.

You are joining our Green Loyalty Program voluntarily. T4C is not responsible for any contracts or deals you may make with others outside this Agreement.

If you decide to cut the trees you own yourself and bring them with you, this will need to be done in year 15 after purchase, and in coordination and cooperation with BGF's schedules, routines, and procedures. The cost this entails must be covered by you.

Prospective customers and their professional advisors are invited to review any materials available that involves our products, marketing plan, website, brochures, Terms & Conditions, or other media published by T4C. We agree to afford prospective customers and their professional advisors the opportunity to ask questions to and receive answers from the officers of T4C concerning such matters and to obtain any additional information (to the extent T4C possesses such information or can acquire it without unreasonable expense) necessary to verify the accuracy of any information set forth in this Agreement, company website, brochures, or other media published by T4C.

Neither T4C nor the directors accept any responsibility for any form of consequential loss, actual or perceived by you, either before or after you enter into this Agreement.

T4C provides a Green Loyalty Program opportunity and does not provide any form of quality review for the products other than their availability. Important to note is that the stated information most likely will not be sufficient to obtain a true and accurate view on the stated opportunity. The contents of our web pages are not providing any advice as to buying and T4C does not assume any liability in connection with any decision made by any party relating to the content in any of the postings. The information, opinions and assessments expressed are for general information purposes only.

T4C does not solicit investors, or gives advice of financial, fiscal, legal or any other nature, nor recommendations to buy, sell or otherwise engage in any opportunity toward sale or investment.

T4C, nor its directors and employees, are assuming any liability for any losses or damages, direct or indirect, incurred as a result of having technical errors in our Terms & Conditions, websites, brochures, or other published materials by us. T4C does not warrant the Right of Use of any photography, graphics, video, audio, or any other related material posted to the website.

This Agreement shall be governed in accordance with the laws in Norway.
