Terms & Conditions for Tree Donors in Trees4Cars

You must enter into this Agreement if you choose to donate trees through Trees4Cars AS. We use the term "customer" for a donor of trees who registers or has an account with us at our website <https://www.trees4cars.com/>.

As used in this Agreement, "we," "us," "our," "T4C" or "Trees4Cars" means Trees4Cars AS and "you", "your", or "donor" means the individual or entity who registers as a customer of Trees4Cars. Better Globe Forestry (BGF) is our forestry partner. Any individual or entity that wants to join our Green Life Changing Program must accept the terms of this Agreement without change.

Green Life Changing Program

Our Green Life Changing Program works the following way:

- The price per donation tree is EUR 10 (or NOK 100).
- By donating trees through us, you contribute to fighting climate change, supporting the environment, and helping impoverished communities with access to water, school renovations, education, microfinance, jobs, and other socioeconomic projects.
- BGF plants different indigenous species that are robust and can grow in a dry environment. Partner farmers' optimized crop yield and harvests are a direct result of growing those trees. BGF started its first tree plantation in 2004 and presently have four plantations in Kenya.
- The trees you purchase and donate are planted in BGF's plantations or on a partner farmer's land. They are professionally nursed and maintained in a secure environment with reduced risks for fire, damage from animals, infestations, and diseases.
- BGF and its partner farmers prune the trees while they grow, which removes dead and dying branches and stubs. This allows room for new growth and prevents property damage. It also deters pest and animal infestation and promotes the plant's natural shape and healthy growth.
- BGF cuts the mahogany trees in year 15 to sell and replaces them with new trees. Most of BGF's profit goes back into their social enterprise. The partner farmers keep

100% of the profit from half of the trees to further develop their farms and communities.

- T4C's and BGF's obligations in this Agreement do not start until we receive money for the trees from you.
- You are joining our Green Life Changing Program voluntarily.
- You can find all receipts for your donations in the menu "Donated Trees" after signing onto T4C's website. Receipts are also sent by email.
- T4C cannot help or be held responsible if emailed receipts and other electronic messages are sent to Spam or otherwise lost.

Tree Donation Subscription

- You can at any time sign up for or cancel a tree donation subscription with T4C.
- We will send you an email reminder that your upcoming subscription of trees needs to be paid 3 days before your due date. If you choose to pay by bank, we recommend you arrange a monthly auto payment with your bank to avoid manual monthly transfers. If you stop or change your subscription on our website, please remember to update the auto payment with your bank.
- You yourself are responsible for following up with the account you have registered with us and your subscription settings.

Customer Data

- You agree to provide valid information about yourself and to keep your account updated at T4C's website under "User Settings". Failure to do so may result in declined payments and failure of communication and updates from T4C.
- T4C's main communication channel is email and you agree to keep your email address updated on your account with T4C.
- Sensitive data like your password is encrypted and hashed.

Registration Process

- To join our Green Life Changing Program, you must agree to the terms and conditions of this Agreement.
- The minimum donation amount is one tree.
- If you choose to pay by bank, you have one (1) week to complete the money transfer for your tree donation to our account. After that, you may risk order cancellation or account deletion if it is newly registered.

If you choose to pay by bank, you can transfer money to us using the information below. You can choose to pay in Euro or NOK (Norwegian kroner). One tree costs EUR 10 or NOK 100. The same information can be found in the last step of the order process and can be viewed on the "Donated Trees" page after signing in at our site. You will also receive an email after registration, which includes important information regarding the money transfer.

Transfer money in **EUR** for your tree order to:

RECEIVING COMPANY: Trees4Cars AS	ACCOUNT NUMBER: 60930497021	BANK: Nordea Bank Abp

Refund

- You have a 14-day grace period starting from the time we receive your payment in our account for the order of your donation trees. If during this time you would like to cancel your payment of donation trees, you will receive a refund.
- You are responsible for contacting T4C support within the 14-day grace period to request payment cancellation for donation trees and a refund. You must include the order ID and your email when you contact us. You can contact T4C support using our contact form, chat, or by emailing support@trees4cars.com. If you fail to contact our support within the 14-day grace period, you lose your rights for any refund.

Legal Terms and Conditions

We only accept a full one-time payment for the tree donation. No down payments or partial payments are accepted.

This Agreement does not take effect until we receive a payment for the donation trees ordered through the registration process on our website.

After an order, we send money to our forestry partner BGF, who will produce the tree seedlings according to your order and make sure your donated trees are planted.

A tree donation certificate is issued to you within a month after we receive payment for the trees and can be downloaded from our website after logging in.

BGF may share some of their profit with tree donors as part of their social enterprise. This is a token of appreciation for you supporting our sustainable environmental and social programs, where giving back is part of our ideology. You should only donate trees with us for the purpose of neutralizing CO2 emissions and contributing to our cause, and not for any other reason. BGF makes decisions about any amount they would share with tree donors, if any.

T4C, nor its directors and employees, are assuming any liability for any losses or damages, direct or indirect, incurred as a result of having technical errors in our Terms & Conditions, websites, brochures, or other published materials by us. T4C does not warrant the Right of Use of any photography, graphics, video, audio, or any other related material posted to the website.

This Agreement shall be governed in accordance with the laws in Norway.
