Terms & Conditions to Join Trees4Cars' Green Loyalty Program

You must enter into this Agreement if you want to register as a *customer* with Trees4Cars AS. We use the term customer for buyer or seller of car who register or has an account with us at our website www.trees4cars.com.

As used in this Agreement, "we," "us," "our," "T4C" or "Trees4Cars" means Trees4Cars AS and "you" means the individual or entity who register as a customer of Trees4Cars. "Seller" means the individual or entity who is selling the car and "buyer" means the individual or entity who is buying the car. BGF is our forestry partner in Kenya and means Better Globe Forestry Ltd. Any individual or entity that wants to join our Green Loyalty Program must accept the terms of this Agreement without change.

Green Loyalty Program

Our Green Loyalty Program works the following way:

- Buyer and seller of the car register at our site.
- The seller pays us 4% of the car sales price to buy trees from us. The seller gives away half of the trees to the buyer as a gift.
- Each tree costs EUR 8.
- Note that T4C is not a party, privy or intermediary to the car sale agreement. We are only offering a Green Loyalty Program that both the car buyer and seller can join.

Registration Process

To join our Green Loyalty Program, both the buyer and seller of the same car need to be present during registration process and both need to agree to the terms and conditions of this Agreement.

You can register as many times as you want with us. You can both buy and sell cars, but for each registration with us, you can only be defined as seller or buyer, and not be both at the same time.

Buyer's Obligations

The Buyer has no obligations other than to make sure to register correct personal information at our site and keep it updated, to check that seller is registering correct information about seller, and that correct sales price of the car is registered in our form.

Seller's Obligations

The Seller will make sure to register correct personal information at our site and keep it updated. The Seller will check that the buyer is registering correct information about the buyer, and that the correct sales price of the car is registered in our form.

The Seller will register the contracted sales price of the car at our site during registration and pay 4% of the sales price towards trees.

Customer Data

You accept to provide true information about yourself and to keep your account updated at T4C's website under "User Settings". Failure to do so, may result in missing out on communication and updates from T4C.

T4C's main communication channel is email and you agree to keep your email address updated on your account with T4C.

Sensitive data like your password is encrypted and hashed.

Refund

By registering through T4C, it means the seller and buyer of the car have made an agreement that is bound to the sale of the car. This T4C agreement cannot be avoided or cancelled after a payment transaction has taken place for trees, and no refund will be given.

You have no right to demand us, our partners, or anyone else to buy back the trees you have bought through T4C.

Legal Terms and Conditions

We only accept a full one-time payment for the tree purchase, that equals 4% of the car's sales price. No down payments or sub payments are accepted.

This Agreement does not take effect until we receive a payment for the trees ordered through the registration process on our website.

After an order, we send money to our forestry partner BGF, who will produce the tree seedlings according to your order and who makes sure that your trees are planted.

A tree ownership certificate is issued to both buyer and seller within a month after we receive payment for the trees and can be downloaded from our website after login. Each certificate is uniquely numbered and legally approves the ownership of the number of trees ordered.

The transaction and fulfillment of your order is completed after the tree certificate has been issued, which shows and proves the ownership of the trees.

Buyer and seller are joining our Green Loyalty Program voluntarily. T4C is not responsible for any contracts or deals the buyer and seller may make between themselves or with others outside this Agreement.

If you decide to cut the trees you own yourself and bring them with you, this will need to be done in year 15 after purchase, and in coordination and cooperation with BGF's schedules, routines, and procedures. The cost this entails must be covered by you.
